The IALE Conference is dedicated to 70 years of Landscape Ecology in Europe and focused on **“European Landscapes in Transformation – Challenges for Landscape Ecology and Management”**.

Honorary president of the conference will be Prof. Zev Naveh. He deals with Urban Ecology and sustainability for more than half a century and can be called the founder of it.

Three well known keynote speakers will introduce our conference subjects: Prof. Thomas Elmqvist, Dr. Maguelonne Déjeant-Pons and Prof. Almo Farina.

The overall topic, European Landscapes in Transformation, is divided into several symposia and workshop headlines, which are tailored to a particular audience.
