

CZECH SOCIETY FOR LANDSCAPE ECOLOGY  
(CZ-IALE)

JOURNAL OF LANDSCAPE ECOLOGY

Vol: 13 / No. 2  
**Czech Republic, Europe**  
**2020**

**CONTENT:**

**Land cover change dynamics and their impacts on thermal environment of Dadri Block, Gautam Budh Nagar, India**

Sushma Shastri, Prafull Singh, Pradipika Verma, Praveen Kumar Rai, Singh P. A..... 1

**Assessing the landscape pattern and population status of the timber species *Mansonia altissima* A. Chev. for restoration purposes in moist semi-deciduous forest.**

Adigla Appolinaire Wédjangnon, Yvon-Carmen H. Hountondji, Christine A. I. Nougbofé Ouinsavi..... 14

**Principal threats to the conservation of running water habitats in the Continental Biogeographical Region of Central Europe**

Mirosław Grzybowski..... 32

**Syn-ecological connections and comparison of  $\alpha$ -diversity indices of plant and bird communities on cultivated coenoses**

Olena I. Blinkova, Tetiana V. Shupova, Liudmyla A. Raichuk..... 62

**Eucalyptus in Malaysia: Review on environmental impacts**

Samdin Zaiton, Mohd Razali Sheriza, Rosman Ainishifaa, Khaw Alfred, Kamaruddin Norfaryanti..... 79

**Forest disturbance mapping with Microwave Remote Sensing**

Kavita Kaushik, Deepak Kumar ..... 95

**Conflicts between farmers and conservationists: the role of communication in the management of natural resources**

Tamara Meierová..... 129
